PROBLEM STATEMENT

A problem statement is a concise description of a current issue, the desired future state, and the gap between the two, used to clarify what needs to be addressed in a project, proposal, or research.

PROJECT OVERVIEW

A digital portfolio is an online collection of your best work, achievements, and skills, used to showcase your abilities and professional story to potential employers or clients.

2. It serves as a dynamic, interactive tool for demonstrating expertise, providing evidence of your capabilities, and establishing a professional brand. Key components typically include an "About Me" section, curated work samples with project descriptions, a list of your skills, testimonials, and a clean, user-friendly design
